

Mitaca achieved an ambitious goal:

4 CERTIFICATIONS of voluntary Management Systems

Released by DNV – GL, an International Certification Body

*Only 300 companies of 11.000 certified in Italy by DNV -GL, have achieved the same results of Mitaca:
4 Management Systems recognized as standard of excellence.*

ISO 9001:2015 Quality Management System

Through the analysis, optimization and a continuous monitoring of every business process, Mitaca is able to provide **products and services that respect the law and the requests of our customers.**

We will do our best to **increase the satisfaction of our clients.**

OHSAS 18001:2007 Health and Safety Management System

Mitaca, beyond respecting the Italian regulations, **protects health and safety of its own employees.** The prevention risks policy includes **programmes of employees' engagement** on this crucial topic.

ISO 14001:2004 Environmental Management System

Mitaca pays attention to environmental issues, putting efforts into the **decreasing of pollutant emissions.** These efforts are:

- A new **environmental policy, to a preventive end, in order to continuously improve.**
- **Sensitize all the employees** to respect the environmental regulations.

SA 8000:2014 Social Accountability Management System

Mitaca supports the **diffusion of a good work ethic through the respect of Human Rights,** internationally defined and respected. Our instruments are:

- **Engage our suppliers in order to respect our Corporate Social Responsibility;**
- **Receive suggestions/complaints from employees through Corporate Social Responsibility Committee,** which operates on critical situations with **corrective and preventive actions;**
- **Give an appropriate communication** to all parties involved (employees, partners, customers etc.) in order to spread this regulation.
